Quebecor Inc. ("Quebecor" or the "Corporation") is incorporated under the laws of Québec. The Corporation's head office and registered office is located at 612 rue Saint-Jacques, Montréal, Québec, Canada. Quebecor is a holding corporation with a 100% interest in Quebecor Media Inc. ("Quebecor Media"). Unless the context otherwise requires, Quebecor or the Corporation refers to Quebecor Inc. and its subsidiaries, and Quebecor Media refers to Quebecor Media Inc. and its subsidiaries.

The Corporation operates, through its subsidiaries, in the following industry segments: Telecommunications, Media, and Sports and Entertainment. The Telecommunications segment offers mobile and wireline telephony, Internet access, television distribution, business solutions and over-the-top (OTT) video services in Canada, as well as offering business support systems (BSS) solutions worldwide. The operations of the Media segment in Québec include the operation of an over-the-air television network and specialty television services, the operation of soundstage and equipment rental and postproduction services for the film and television industries, the printing, publishing and distribution of daily newspapers, the operation of news and entertainment digital platforms, the publishing and distribution of magazines, the production and distribution of audiovisual content, and out-of-home advertising. The activities of the Sports and Entertainment segment in Québec encompass the operation and management of the Videotron Centre in Québec City, show production, sporting and cultural event management, the publishing and distribution of books, the production of music, and the operation of a Quebec Maritimes Junior Hockey League team.

The Media segment experiences significant seasonality due, among other factors, to seasonal advertising patterns and influences on people's viewing, reading and listening habits. Given that the Media segment depends on advertising sales for a significant portion of its revenue, operating results are also sensitive to prevailing economic conditions, as they may affect the advertising expenditures of corporations. Accordingly, the interim-period results of operations for the Media segment should not necessarily be considered indicative of its full-year results due to the seasonality of certain of its operations.

1. BASIS OF PRESENTATION

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board (IASB). However, they do not include all disclosures required under IFRS for annual consolidated financial statements. In particular, these consolidated financial statements were prepared in accordance with IAS 34, *Interim Financial Reporting*, and, accordingly, they are condensed consolidated financial statements. These condensed consolidated financial statements should be read in conjunction with the Corporation's 2025 annual consolidated financial statements, which contain a description of the material accounting policies used in the preparation of these condensed consolidated financial statements.

These condensed consolidated financial statements were approved for issue by the Board of Directors of Quebecor on November 4, 2026.

Comparative figures for previous periods have been restated to conform to the presentation adopted for the three-month and nine-month periods ended September 30, 2026.

On January 1, 2026, the Corporation adopted amendments to IFRS 9, *Financial Instruments*, and IFRS 7, *Financial Instruments: Disclosures*, clarifying, among other things, the date on which a financial asset or financial liability is derecognized if settled using an electronic payment system. The adoption of these amendments had no material impact on the consolidated financial statements.

[1] In January 2026, pursuant to the terms of the indentures, the Corporation redeemed its Series 2001 and Series Abitibi exchangeable debentures (combined principal amount of $844.9 million) for no consideration. The transaction resulted in a gain of $2.1 million.

7. BUSINESS ACQUISITION

On April 21, 2026, Quebecor acquired Etiya by increasing its equity interest from 29% to 70% for a cash consideration of $163.1 million. Etiya, a global software company based in Turkey with more than 1,500 employees, is a leading provider of digital BSS platforms powered by artificial intelligence. This transaction supports the ongoing deployment by Videotron Ltd. ("Videotron") of Etiya's BSS platform across its Videotron and Freedom brands, building on the successful rollout at Fizz. It will also strengthen Etiya's ability to deliver large-scale BSS transformation projects worldwide. The transaction has been accounted for using the acquisition method.

The table below presents the fair values of the identifiable net assets acquired at the acquisition date:

Assets		
Intangible assets[1]	$	227.9
Goodwill[2]		175.6
Other assets (current and long-term)		33.4
Liabilities		
Short-term borrowings		(66.4)
Deferred income taxes		(5.4)
Other liabilities (current and long-term)		(42.9)
Net assets acquired		**322.2**
Non-controlling interests		(118.9)
Total consideration	**$**	**203.3**

Cash consideration paid	$	163.1
Fair value of previously held equity interest[3]		114.4
Cash and cash equivalents acquired		(74.2)
Total consideration	**$**	**203.3**

1 Includes mainly software (BSS platform) and customer relationships.

2 The goodwill is not deductible for tax purposes.

3 The previously held equity interest in Etiya was remeasured to its fair value at the acquisition date, resulting in a gain of $30.1 million recognized in other items in the consolidated statement of income (note 6).

Etiya has been included in the Telecommunications segment. Consolidated revenue and net income for the nine-month period ended September 30, 2026 would not have differed significantly if the acquisition of Etiya had been completed on January 1, 2026.

8. SHORT-TERM BORROWINGS

Less current portion	**(204.9)**	(491.6)
	$ 5,703.3	$ 6,301.5

2026

On January 28, 2026, Videotron amended and restated its credit agreement to extend the term of the two existing tranches of its revolving credit facility: (i) the first tranche in the amount of $400.0 million now maturing in January 2031, and (ii) the second tranche in the amount of $400.0 million now maturing in January 2027 and providing for a conversion option into a term facility maturing in January 2028. On the same day, Videotron also added two new tranches to its revolving credit facility: (i) a first tranche in the amount of US$250.0 million maturing in January 2031, and (ii) a second tranche in the amount of US$250.0 million maturing in January 2027 and providing for a conversion option into a term facility maturing in January 2028. Certain conditions of the facilities were also amended.

During the nine-month period ended September 30, 2026, Videotron repaid the full $500.0 million outstanding under the second tranche of its term credit facility and $500.0 million of the $700.0 million outstanding under the third tranche. On October 6, 2026, Videotron made an additional repayment of $100.0 million under this same credit facility.

2025

On April 15, 2025, Quebecor Media terminated its $300.0 million secured revolving credit facility.

On June 16, 2025, Videotron redeemed at maturity its Senior Notes in aggregate principal amount of $400.0 million, bearing interest at 5.625%.

10. CAPITAL STOCK

(a) Authorized capital stock

An unlimited number of Class A Multiple Voting Shares ("Class A Shares") with voting rights of 10 votes per share convertible at any time into Class B Subordinate Voting Shares ("Class B Shares") on a one-for-one basis.

An unlimited number of Class B Shares convertible into Class A Shares on a one-for-one basis, only if a takeover bid for Class A Shares is made to holders of Class A Shares without being made concurrently and under the same terms to holders of Class B Shares, for the sole purpose of allowing the holders of Class B Shares to accept the offer and subject to certain other stated conditions provided in the articles, including the acceptance of the offer by the majority holder.

Holders of Class B Shares are entitled to elect 25% of the Board of Directors of Quebecor. Holders of Class A Shares may elect the other members of the Board of Directors.

(b) Issued and outstanding capital stock

	Class A Shares		Class B Shares

Repurchase of shares

On August 5, 2026, the Corporation filed a normal course issuer bid for a maximum of 1,000,000 Class A Shares representing approximately 1.3% of issued and outstanding Class A Shares, and for a maximum of 7,000,000 Class B Shares representing approximately 4.7% of issued and outstanding Class B Shares as of July 31, 2026. The purchases can be made from August 15, 2026 to August 14, 2027, at prevailing market prices on the open market through the facilities of the Toronto Stock Exchange or other alternative trading systems. All shares purchased under the bid will be cancelled.

During the nine-month period ended September 30, 2026, the Corporation purchased and cancelled 3,899,900 Class B Shares for a total cash consideration of $237.6 million (3,740,908 Class B Shares for a total cash consideration of $140.0 million in 2025). The excess of $211.9 million of the purchase price over the carrying value of Class B Shares repurchased was recorded as a reduction of retained earnings ($115.4 million in 2025).

Issuance of shares

During the nine-month period ended September 30, 2026, 24,333 Class B Shares were issued upon the exercise of stock options for a cash consideration of $0.8 million (217,221 Class B Shares for a cash consideration of $6.6 million in 2025). As a result of this transaction, contributed surplus was increased by $0.7 million and stock-based compensation liability was reduced by the same amount ($2.2 million in 2025).

Dividends

On November 4, 2026, the Corporation declared a dividend of $0.45 per share on Class A Shares and Class B Shares, or approximately $100.5 million, payable on December 15, 2026, to shareholders of record at the close of business on November 20, 2026.

11. STOCK-BASED COMPENSATION PLANS

The following table provides details of changes to outstanding options in the Quebecor stock-based compensation plan in which management of the Corporation and its subsidiaries participate, for the nine-month period ended September 30, 2026:

[1] No significant amount is expected to be reclassified in income over the next 12 months in connection with derivatives designated as cash flow hedges. The balance is expected to reverse over an 8¼-year period.

13. FAIR VALUE OF FINANCIAL INSTRUMENTS

In accordance with IFRS 13, *Fair Value Measurement*, the Corporation considers the following fair value hierarchy, which reflects the significance of the inputs used in measuring its financial instruments:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- Level 3: inputs that are not based on observable market data (unobservable inputs).

The fair value of short-term borrowings and long-term debt is estimated based on quoted market prices when available or on valuation models using Level 1 and Level 2 inputs. When the Corporation uses valuation models, the fair value is estimated based on discounted cash flows using period-end market yields or the market value of similar instruments with the same maturity.

The fair value of derivative financial instruments recognized on the consolidated balance sheets is estimated as per the Corporation's valuation models. These models project future cash flows and discount the future amounts to a present value using the contractual terms of the derivative financial instrument and factors observable in external market data, such as period-end swap rates and foreign exchange rates (Level 2 inputs). An adjustment is also included to reflect non-performance risk, impacted by the financial and economic environment prevailing at the date of the valuation, in the recognized measure of the fair value of the derivative financial instruments by applying a credit default premium, estimated using a combination of observable and unobservable inputs in the market (Level 3 inputs), to the net exposure of the counterparty or the Corporation. Derivative financial instruments are classified as Level 2.

The carrying value and fair value of short-term borrowings, long-term debt and derivative financial instruments as of September 30, 2026 and December 31, 2025 are as follows:

	September 30, 2026		December 31, 2025	
Asset (liability)	**Carrying value**	**Fair value**	Carrying value	Fair value
Short-term borrowings	**$ (645.8)**	**$ (645.8)**	$ –	$ –
Long-term debt[1]	**(5,935.3)**	**(5,788.9)**	(6,824.3)	(6,849.3)
Derivative financial instruments				
Foreign exchange forward contracts	**4.6**	**4.6**	(1.5)	(1.5)
Interest rate swaps	**(2.4)**	**(2.4)**	(7.2)	(7.2)
Cross-currency swaps	**85.5**	**85.5**	33.0	33.0

[1] The carrying value of long-term debt excludes financing costs.

14. COMMITMENTS

On September 3, 2026, Quebecor has entered into a new 12-year sublicensing agreement with Rogers Communications for the French-language broadcast rights to National Hockey League (NHL) games, covering the 2026-2027 through 2037-2038 seasons. The rights will be exploited across TVA and Videotron platforms, each assuming its respective portion of the rights. The agreement provides for escalating rights fees over its term.
